I noticed Mr. Mullin's ads have been a lot more frequent since he started running for Congress. It's really hard to tell if his mail letters and tv ads are different from his plumbing commercials, when you first look at them. I could see how someone could be confused. He has a plumbing flyer that looks just like his mail ad. I feel like he might just be running for office to improve his business! To top off everything he's done, his ads always start out the same way as his business ads. Despite that fact that he was being investigated, he continues with the ads! I am interested to see how the case turns out, because I don't think it's really fair to the other candidates. Attached is a copy of Mr. Mullin's Plumbing flyer I found. Same car they are using for their mail ads!

Thank you,

Tyler Moore
